

Notice of Bike Path Closure

Mohawk-Hudson Bikeway

Due to National Grid infrastructure construction, there will be intermittent closures of the Mohawk-Hudson Bikeway from February 7, 2024, lasting approximately two weeks.

While the Bikeway will remain open, please be cognizant of the ongoing work between route 5s going past Mabie Lane in Rotterdam, NY. There will be personnel onsite using flags to allow members of the public to pass the work areas safely, as construction personnel will stop working to allow passage.

Please follow all signage and instruction from safety personnel.
